

Rehoming Pet Adoption Application

14. Where will your pet live? Indoor only\_\_\_\_; Outdoors in fenced yard for a few hours a day\_\_\_\_; Barn\_\_\_\_\_.

15. How much time can you spend per day with your pet?

*\*\*Before adoption please consider this: many dogs and cats can routinely live into their teens. If your current housing situation is temporary please carefully consider if you will be able to take your pet with you to new housing. The adoption rate for adult dogs is not terrific, and for cats over 9 months is less than 20%! And the most common reason for relinquishment to a shelter is 'moving and cannot take with'. If you have any doubt of your ability to provide a forever home please consider fostering instead of adoption.*

*\*\*Please consider carefully your ability to afford veterinary care for your pet. Annual preventative care (avg. \$120-\$250) and expenses for illness or emergency care can add up.*

\*Submission of your application does not guarantee placement of a companion animal.

\*I understand that misrepresentation of fact may result in refusal of adoption.

\*I will accept all responsibilities for the health, housing, feeding, and companionship of this animal.
